

HOW TO OBTAIN SACRAMENTAL RECORDS

Requesting a copy of a baptism certificate:

Preferably, you need to write to the parish where you were baptized, stating you need a copy of your baptism certificate **with notations**. In the letter also include your name and mailing address. It is helpful if you can also include the exact date of the baptism or a close estimate of the date. For example, if you know you were baptized soon after birth, then provide your birth date as a reference point for the parish to begin searching for the record.

Requesting a copy of a certificate of confirmation, eucharist or marriage:

Follow the same instructions in #1, except state you are requesting a copy of a certificate for confirmation, first eucharist or marriage. Again, if you can provide an exact or an approximate date of the celebration, that is helpful.

Cost?

There is no cost for the certificate. If you wish to send an offering to help offset the cost of postage, it would be appreciated.

Requesting sacramental certificates from closed parishes:

To request a certificate from a parish that is closed, write to the appropriate parish which now has possession of the sacramental registers of the closed parish:
