A sudoku puzzle has 9 columns, 9 rows and 9 boxes of 3x3 squares. To solve a puzzle, fill in the table so that the numbers from 1 to 9 will be in each column, each row and each 3x3 box only once. Every sudoku puzzle can have only one correct solution.

**Reglas De Sudoku:**
Cada fila debe contener los números a partir la 1 a 9
Cada columna debe contener los números a partir la 1 a 9
Cada cuadrado 3x3 debe contener los números a partir la 1 a 9

| 1 |   |   |   |   |   |   |   | 5 |

**TEASER THE FIRST:**
Which way is the bus going? Right or left?

**TEASER THE SECOND:**
Move one matchstick to get another equation.

$$9 - 3 = 6$$

**TEASER THE THIRD:**
Richard works at Gadgetworks, Inc. and he noticed last Friday that he had several computers in need of updating. He arranged with each user to upgrade their computer this week. Since upgrading operating systems was rarely as simple as the programmers thought it was, Richard planned a full day for each computer and even provided loaners for the users. Determine the full name of each user, which department each worked in, which operating system each used (Windows or Apple), and which day of the week Richard worked on each computer.

1. The Windows users were, in no particular order, the user who worked in finance, Mr. Almond, and Harvey.

2. The computer that Richard took on Wednesday belonged to an Apple user.

3. John's last name wasn't Crawford but he worked in customer service. Mr. Grace didn't work in manufacturing.

4. Mr. Maxwell's Apple computer was taken the day before Elliot's Windows computer but two days after the computer in marketing, which wasn't Harvey's computer.

5. Mr. Crawford, whose first name wasn't Elliot, didn't work in engineering.

6. Michael's computer was taken on Tuesday but he didn't work in marketing. The engineering computer was taken on Friday but George Bixby wasn't the user.

| George | Bixby | marketing | Apple | Monday |
| Harvey | Grace | engineering | Windows | Friday |
| John | Maxwell | customer service | Apple | Wednesday |
| Michael | Crawford | finance | Windows | Tuesday |

**FIRST:**

This question was asked to kindergarten pupils across the country. Their answer? "The bus is going left, because you can't see the door."

Correct!

**SECOND:** Uh ... sorry, I couldn't find the solution. If you figure it out, let me know! I worked on it until my brain started to hurt. It didn't take long.

"If we find ourselves with a desire that nothing in this world can satisfy, the most probable explanation is that we were made for another world."

**C.S. LEWIS**
